

Points of consideration / Precautions for Drawings:

- 1. Units – Decimal,**
- 2. Insertion scale- “Meters”**
- 3. Drawing type – generate *.dxf format (from any drawing software)**
- 4. Save the *.dxf format in 2004-2007 version**
- 5. Drawing conventions – Layers, features- as per the template layers provided by e-Gov (DIGIT).**
- 6. Occupancy codes – This is to be defined by the State itself and may use ACI colours relevant to use class in the Master Plan.**
- 7. Feature aspects – polygon always ‘closed’, vertices to match with adjacent/overlapping polygon.**
- 8. Drawing-**
 - I. Size: To limit the size of *.dxf files, “Patterns/hatches/solid fills” not to be used**
 - II. Save: Before saving, purge and audit**
 - III. Save as *.dxf in 2004 format.**
 - IV. Upload for e-DCR Scrutiny.**
